Taschen, U.S.A., 2008. Hardcover. Book Condition: New. Dust Jacket Condition: New. 1st Edition. Brand new book still wrapped in original shrink wrapper! The greatest challenge in designing homes is negotiating the delicate balance between aesthetics and the personal desires of the occupants. While it's important for the structure to reflect the vision and style of the architect, the client must ultimately feel at home beneath the roof. It is particularly interesting, therefore, to examine the homes that architects create for themselves. If houses reflect their owners' personalities, then architects' own homes are like autobiographies. Location, layout, style, lighting, artwork, furnishings, every detail adds color to the story. Each of these 100 dwellings, presented A-Z by architect, speaks more about its designer than any other building possibly could.
