Reviews

Absolutely among the best publication I have got at any time go through. It really is written in straightforward phrases rather than hard to understand. Its been designed in an extremely straightforward way which is just soon after i finished reading this publication through which basically modified me, alter the way i believe.

TINY WORLD TERRARIUMS: A STEP-BY-STEP GUIDE

Stewart, Tabori and Chang. Paperback. Book Condition: New. Paperback. 120 pages. Dimensions: 9.0in. x 8.4in. x 0.6in. Terrariums are a vibrant, unique way to inject a little greenery into any home. In *Tiny World Terrariums*, authors Katy and Michelle of Brooklyn's celebrated Twig Terrariums offer step-by-step instructions for building your own, from selecting glass containers to layering soil and filtration to adding moss, succulents, and other plants. To give each terrarium a whimsical, personal touch, Katy and Michelle demonstrate how to use tiny figurines and toys to create to-scale scenes, such as a couple at their wedding, a CSI crime scene, and Central Park in springtime. Photos of gorgeous finished terrariums and detailed instructions will empower anyone whether green-thumbed or not to create their own Lilliputian worlds. Praise for *Tiny World Terrariums*: Terrariums have been popular with adults since Victorian times. But Katy Maslow and Michelle Inciarrano, authors of *Tiny World Terrariums*, make a case for younger enthusiasts too . . . Their enclosed gardens range from sophisticated to silly, with dinosaurs, unicorns and an array of other figurines telling enchanting stories in mossy tableaux. Their wonderful book provides detailed instructions to guide you through the process. *Chicago Tribune* The authors provide all the information needed to create the five layers of a terrarium . . . inspiration for readers who want to make their own mini world. *Better Homes and Gardens Country Gardens* (Spring 2013 issue) I've been reading my fair share of how-to books on terrariums but I have a brand new favorite. Hands down . . . The tips on plant selection, preparation, and planting are the best I've seen (I learned a lot!). *Babble.com* The book provides all the necessary instructions to create successfully healthy terrariums . . . But illustrations are the real delight. They show all...
