## LA PROXIMA VEZ QUE VEAS LA LUNA (PAPERBACK)

National Science Teachers Association, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: Spanish . Brand New Book. This fascinating book will stay with children every time they gaze up at the night sky. Through vivid pictures and engaging explanations, children will learn about many of the Moon s mysteries: what makes it look like a silvery crescent one time and a chalk-white ball a few nights later, why it sometimes appears in the daytime, where it gets its light, and how scientists can predict its shape on your birthday a thousand years from now. Next Time You See the Moon is an ideal way to explain the science behind the shape of the Moon and bring about an evening outing no child-or grown-up-will soon forget. Awaken a sense of wonder in a child with the Next Time You See series from NSTA Kids. The books will inspire elementary-age children to experience the enchantment of everyday phenomena such as sunsets, seashells, fireflies, pill bugs, and more. Free supplementary activities are available on the NSTA website. Especially designed to be experienced with an adult-be it a parent, teacher, or friend-Next Time You See books serve as a reminder that you don t have to look far to find something remarkable in nature.
