A BULL IN CHINA: INVESTING PROFITABLY IN THE WORLD'S GREATEST MARKET

Tantor Media, Inc, United States, 2007. CD-Audio. Book Condition: New. Unabridged. 190 x 135 mm. Language: English . Brand New. If the twentieth century was the American century, then the twenty-first century belongs to China. Now the one and only Jim Rogers shows how any investor can get in on the ground floor of the greatest economic boom since England's Industrial Revolution. In this indispensable new book, Rogers, one of the world's most successful investors, brings his unerring investment acumen to bear on this huge and unruly land now being opened to the world and exploding in potential. Rogers didn't just wake up a Sinophile yesterday. He has been tracking the Chinese economy since he first went to China in 1984 in preparation for his round-the-world motorcycle trip and then again when he saw Shanghai's newly reopened stock exchange. In the decades that followed especially in recent years, with the easing of Communist Party financial dictates the facts speak for themselves: The Chinese economy's growth rate has averaged 9 percent since the start of the 1980s. China's savings rate is over 35 percent (in America, it's 2 percent). Forty percent of China's output goes to exports (so there is no crippling foreign debt). Sixty billion dollars a year in direct foreign investment, combined with a trade surplus, has brought Beijing's foreign currency reserves to over \$1 trillion. China's fixed assets ports, bridges, and roads double every two and a half years. In short, if projections hold, China will surpass the United States as the world's largest economy in as little as twenty years. But the time to act is now. In *A Bull in China*, you will learn what industries offer the newest and best opportunities, from power, energy, and agriculture...
