It is not just another book giving advice, it puts together for you the missing pieces of the monetary puzzle. Every chapter is an eye-opener! See for yourself what's been missing. How many people really understand just how fragile our economy really is, and why? How will it affect you if the economy takes a major turn for the worse? The entire world is carefully knit together through banking and finance. An understanding of the Bible provides the right perspective. A Biblical worldview keeps each geo-political event in its rightful place. Now is the time for a deeper walk with the Lord. Today is the day for making right decisions. The Lord uses money to test our hearts. This book shows you how. The Lord will require an account of how we used our time and resources. This book will help get you prepared. Written in simple language, you do not need a Wall Street interpreter just to understand it. Learn what money really is; what the Fed is all about; what is up with all those bailouts; what part oil plays in world finance; what to do if your money doesn't work; and living a life of financial freedom. It's time for you to find out what others won't tell you.
